EDUCATION

BACHELOR OF SCIENCE IN NURSING

University of Cebu - Banilad
2015-2021

Student nurses acquire practical skills in patient care, including administering medications, performing assessments, and implementing nursing interventions. Clinical rotations in hospitals, clinics, and community settings are integral to building these skills.

SKILLS

- Communication and Interpersonal Skills
- Critical Thinking
- Clinical Skills
- Time Management
- Administrative Skills
- Continuous Learning
- Patient Education
- Remote Team Collaboration

ABOUT ME

I am a dedicated and experienced Registered Nurse, I am seeking a challenging role where I can leverage my clinical expertise, strong organizational skills, and compassion for patient care. Eager to contribute my knowledge in a virtual setting, I aim to enhance operational efficiency, streamline communication, and provide excellent support to healthcare professionals, ultimately ensuring the delivery of high-quality patient care in a virtual healthcare environment.

WORK EXPERIENCE

• MACTAN DOCTORS' HOSPITAL • SEPTEMBER 01, 2022 – NOV. 2023

STAFF NURSE

- Demonstrated proficiency in providing comprehensive nursing care to patients in a general ward, showcasing a broad range of medical and surgical nursing skills.
- Assessed, monitored, and managed the care of patients, collaborating with multidisciplinary teams to ensure optimal patient outcomes.
- Administered medications, implemented care plans, and maintained accurate and timely documentation
- Developed strong interpersonal and communication skills while interacting with patients, their families, and healthcare colleagues.
- "In my role as a Registered Nurse, I collaborated closely with doctors, ensuring effective communication and responsiveness by promptly taking calls to address patient care needs."

VOLUNTEER EXPERIENCE OR LEADERSHIP

Cebu Doctors' Hospital | June 26-29, 2023

Charge Nursing Seminar

I had the opportunity to participate in a comprehensive Charge Nurse seminar, where I engaged in valuable discussions, learned about effective leadership strategies in nursing, and gained insights into the responsibilities and challenges associated with the role of a Charge Nurse
